PROFESSIONAL SUMMARY

Lead Technical Designer with 8+ years of experience delivering end-to-end technical execution across apparel development. Expert in fit accuracy, construction standards, pattern grading, and pre-production readiness, with a proven ability to improve workflows and reduce execution risk. Collaborative leader and mentor partnering cross-functionally to elevate product quality and team performance.

CORE CAPABILITIES

Technical Design Leadership • Fit & Construction Expertise • Pre-Production Specification Ownership 3D Pattern Development & Digital Assets • Browzwear V-Stitcher
Fit Library & Core Block Standardization • Workflow & Process Optimization
Cross-Functional Collaboration • Team Leadership & Mentorship

PROFESSIONAL EXPERIENCE

Kontoor Brands — *Lead Technical Designer - Lee Mens*
2018 – Present

- Lead end-to-end technical execution across seasonal apparel programs, ensuring accurate fit, construction standards, and on-time pre-production readiness
- Partner cross-functionally with Product Development, Merchandising, and Manufacturing to align design intent, feasibility, cost targets, and execution decisions
- Own standardized fit libraries, core blocks, and 3D digital assets to drive consistency, accuracy, and production readiness across categories
- Serve as escalation point and technical liaison for complex fit and construction challenges while mentoring and developing technical design talent

Forever 21 — *Co-Store Manager*
2011 – 2018

- Led high-volume retail operations with consistent focus on execution, efficiency, and team development
- Trained and managed leadership and associate teams to improve productivity and sales performance
- Executed seasonal floor sets, inventory control, and loss-prevention initiatives

Ralph Lauren (Chaps Menswear) — *Summer Design Intern*
2015

- Supported woven and knit design development through sample tracking, technical files, and PLM data management
- Assisted with fit evaluations, construction feedback, and seasonal presentation boards
